-------------------	-----------

## **1. Game**

- (a) The object of the game is to win by scoring points. Each side or team, consisting of two players, shall earn points either by winning a rally or by being awarded them. Each point won by or awarded to a side shall add one to its score.
- (b) The side which first scores fifteen points wins the game excepting that:
  - (1) At "thirteen all" the side which has first reached the score of thirteen must announce one of the following before the next serve:
    - (i) Set to five points--making the game eighteen points.
    - (ii) Set to three points--making the game sixteen points.
    - (iii) No set, in which event the game remains fifteen points.
  - (2) At "fourteen all," provided the score has not been "thirteen all," the side which has first reached the score of fourteen must announce one of the following before the next serve:
    - (i) Set to three points--making the game seventeen points.
    - (ii) No set, in which event the game remains fifteen points.

## **2. Match**

- (a) The side which first wins three games wins the match, except that a side may be awarded the match at any time upon the retirement, default or disqualification of the opposing side.

## **3. Service**

- (a) The service begins the play of each point and is the striking of the ball with the racquet in accordance with this entire Rule 3. At the start of a match the choice to serve or receive shall be decided by the spin of a racquet. The two partners of a side shall serve in succession, the first retaining his serve until his side has lost a point. On the loss of a subsequent point the side shall be declared "out" and the serve revert to the opponents. On the first serve of every game, however, the "in" side shall be declared "out" after it has lost one point only. The order of serving within a side shall not be changed during the progress of a game. At the end of a game the side which has won the game shall have the choice of serving or receiving to commence the next game.
- (b) The server must stand with at least part of one foot touching the floor within the service box when the ball is struck and serve the ball onto the front wall above the service line and below the top line before it touches any other part of the court, so that on its rebound (return) it first strikes the floor within, but not touching, the lines of the opposite service court, either before or after touching any other wall or walls within the court. This player must be in control of and holding on to the racquet at the moment of contact. A ball so served is a good service, otherwise it is a Fault. If the referee calls a foot-fault and the server believes the service was proper, the server may appeal the referee's call.

- (c) If the first service is a Fault, the server shall serve again from the same side. If the server makes two consecutive Faults, he loses the point. A service Fault may not be played, but the receiver may volley any service which has struck the front wall in accordance with Rule 3(b).
- (d) At the beginning of each game and each time a side becomes "in" the ball shall be served from whichever service box the first server for the side elects, and thereafter alternately until the side is "out" or until the end of the game. If the server serves from the incorrect box there shall be no penalty and the service shall count and the play shall proceed as if the box served from was the correct box, except that if the receiver does not attempt to return the service, he may demand that it be served from the other box, or if, before the receiver attempts to return the service, there is a Let (See Rule 7), the service shall be made from the other box.
- (e) A ball is in play from the moment at which it is struck with the racquet until:
  - (1) the point is decided;
  - (2) a Fault, as defined in Rule 3(b), is made; or a Let occurs (See Rules 6 and 7).
- (f) If, in the act of serving a player strikes at but misses the ball, a fault shall result.

#### **4. Return of Service and Subsequent Play**

- (a) A return is deemed to be made at the instant the ball touches the racquet of the player making the return. This player must be in control of and holding on to the racquet at the moment of contact. If the racquet leaves his hand in the act of striking the ball, it shall be deemed that he was not "in control of" it in accordance with this Rule 4(a), and he shall lose the point even if the ball subsequently makes a good return. To make a good return of a service or of a subsequent return the ball must be struck on the volley or before it has touched the floor twice, and reach the front wall on the fly above the tell-tale and below the top line, and it may touch any wall or walls within the court before or after reaching the front wall. On any return the ball may be struck only once. It may not be "carried" or "double-hit."
- (b) At the beginning of each game each side shall designate one of its players to receive service in the right hand service court and the other to receive service in the left hand service court and throughout the course of such game the service must be received by the players so designated.
- (c) If the designated receiver fails to make a good return of a good service, the serving side wins the point. If the designated receiver makes a good return of service the sides shall alternate making returns until one side fails to make a good return. The side failing to make a good return loses the point.
- (d) Until the ball has been touched or has hit the floor twice, it may be struck at any number of times by either player on a side.
- (e) If at any time after a service the ball hits outside the playing surfaces of the court (the ceiling and/or lights, or on or above a line marking the perimeters of the playing surfaces of the court), the side so hitting the ball loses the point except as provided in Rule 7(c)(5).

## 5. Right to Play the Ball

- (a) Immediately after he or his partner has struck the ball, each player must get out of his opponents' way and must:
- (1) Give his opponents a fair view of the ball;
  - (2) Give his opponents a fair opportunity to get to and strike at the ball in and from any position on the court elected by an opponent. A player will be deemed to have failed to give his opponents a fair opportunity to get to and strike the ball when he has used an excessive follow through so that an opponent has to wait for an excessive swing;
  - (3) Allow either opponent to play the ball to any part of the front wall or back wall and to that part of each side wall in front of the red floor service line.  
the Referee shall deny a 'Let' to the striker when in the opinion of the Referee the striker could have played the ball SAFELY, but instead requested a 'Let' to get out of an unfavourable position; and
  - (4) Refrain from creating a visual or audible distraction.

**G5**

**G6**

**G7**

## 6. Point

- (a) A Point shall be awarded to a side:
- (1) When an opponent, in violating Rule 5, deprives a player of a clear opportunity to attempt a winning shot; or
  - (2) When an opponent, in violating Rule 5, fails to make the effort within the scope of his normal ability to avoid the violation thereby depriving a player of an opportunity to attempt a shot; or
  - (3) When an opponent, in violating Rule 5, has caused repeated Lets, no one of which individually constitutes a Point.
  - (4) When the striker hits the ball back at himself and the opponent is ready to hit the ball but unable to do so because of the striker's position, it is a violation of Rule 5(3) and a Point for the opponent, regardless of whether or not a winner would have been struck by the opponent.

**G6**

**G7**

- (b) The Referee shall not award a Point as defined in this Rule 6 unless a Point or a Let (See Rule 7) is requested by a player. See Rule 6 Interpretation **G20**

**G 8**

**G 9**

**G10**

**G11**

**G12**

**G13**

## **7. Let**

- (a) A Let mandates the playing over of a point.
- (b) On the replay of the point the server
  - (1) is entitled to two serves even if a Fault occurred in the original point,
  - (2) must serve from the correct box even if he served from the incorrect box on the original point, and
  - (3) provided he is a new server, may serve from a service box other than the one selected on the original point.
- (c) In addition to the Lets described elsewhere, the following are Lets if the player on the side whose turn it is to strike the ball could otherwise have made a good return:
  - (1) When an opponent of such player violates Rule 5 except for those violations described in Rule 6.
  - (2) When such player refrains from striking at the ball because of a reasonable fear of injuring an opponent.
  - (3) When such player before or during the act of striking or striking at the ball is touched by either of his opponents, their racquets or anything either of them wears or carries.
  - (4) When on the first bounce from the floor the ball hits on or above the seven foot line on the back wall; and
  - (5) If a player thinks the ball has broken while play is in progress, he must nevertheless complete the point and then immediately request a Let, giving the ball promptly to the Referee for inspection. The Referee shall allow a Let only upon such prompt request if the ball in fact proves to be broken (See Rule 11(c)).
- (d) A player may request a Let or a Point (See Rule 6). A request by a player for a Let shall automatically include a request for a Point. Upon such request, the Referee shall allow a Let, Point or No Let.
- (e) No Let shall be allowed on any stroke a player makes unless he requests such before or during the act of striking or striking at the ball or immediately after doing so in the event of an obstructed swing.
- (f) The Referee shall not call or allow a Let as defined in this Rule 7 unless such Let is requested by a player; provided, however, the Referee may call a Let at any time (1) when there is interference with play caused by any factor beyond the control of the player, or (2) when he fears that a player is about to suffer severe physical injury.

## **8. Ball in Play Touching Player**

- (a) If a ball in play after hitting the front wall, but before being returned again, shall touch any player, or anything he wears or carries (other than the racquet of the

player who makes the return) the side of the player so touched loses the point, except as provided in Rule 7(c)(1) or 7(c)(2).

- (b) If a ball in play touches the player who last returned it or his partner or anything either of them wears or carries before it hits the front wall, the side of the player so touched loses the point, except as provided in Rule 7(c)(2).
- (c) Except as provided for in Rule 6(a), if a ball in play, after being struck by a player on a return, hits either of the player's opponents or anything either of them wears or carries before reaching the front wall:
  - (1) The side of the player who made the return shall lose the point if the return would not have been good.
  - (2) The point shall be a Let (See Rule 7) if the return would have hit the front wall fairly except for such interference.
- (d) If a player strikes at and misses the ball, he and his partner may make further attempts to return it. If, after being missed, the ball touches either of their opponents or anything they wear or carry:
  - (1) If the player or his partner would otherwise have made a good return, the point shall be a Let.
  - (2) If the player or his partner could not have made a good return, their side shall lose the point.

## **9. Continuity of Play**

- (a) Play shall be continuous from the first service of each game until the game is concluded. Play shall never be suspended solely to allow a player to recover his strength or wind. The provisions of this Rule 9 shall be strictly construed. If the Referee believes a player is violating this Rule during a game, he will apply the provisions of Rule 15.

**G1**  
**G2**  
**G3**

- (b) Between any two successive games play may be suspended by either player for a period not to exceed two minutes. If a player is not on court ready to play at the expiration of the applicable time period, the Referee will apply the provisions of Rule 15.
- (c) Except as otherwise specified in this Rule 9, the Referee may suspend play for such reason and for such period of time as he may consider necessary.
- (d) If play is suspended by the Referee because of an injury to one of the players, such player must resume play within one hour from the point and game score existing at the time play was suspended or his side shall default the match, provided however, if a player suffers cramps or pulled muscles, play may be suspended by the Referee once during a match for each such player for a period not to exceed five minutes after which time such player must resume play or his side shall default the match.

- (e) In the event the Referee suspends play other than for injury to a player, play shall be resumed when the Referee determines the cause of such suspension of play has been eliminated, except that if such cause of delay cannot be rectified within one hour, the match shall be postponed to such time as the Tournament Committee determines. Any suspended match shall be resumed from the point and game score existing at the time the match was stopped.

#### **10. Attire and Equipment**

- (a) A player's attire, including, but not restricted to, its colour, design, insignia, advertisements, statements and slogans, shall be within the normal standards of good taste associated with the game of squash racquets. A side shall have matching major items of attire.

### **G4**

#### **11. Condition of Ball**

- (a) No ball, before or during a match, may be heated, chilled or otherwise artificially treated except by the mutual consent of the sides or by decision of the Referee.
- (b) At any time, when not in the actual play of a point, another ball may be substituted by the mutual consent of the sides or by decision of the Referee.
- (c) A ball shall be determined broken when it has a crack which extends through both its inner and outer surfaces. The ball may be squeezed by the Referee only enough to determine the extent of the crack. A broken ball shall be replaced and the preceding point shall be a Let (See Rule 7(c)(6)).
- (d) Upon determination of a cracked (but not broken) ball, the ball shall be replaced by the mutual consent of the sides or by the Referee and the preceding point shall stand. If a ball breaks during the last point of a game and this is not discovered until after the game is over, the point shall stand.

#### **12. Court**

- (a) The doubles court shall be as specified in the Court, Racquet and Ball Specifications of this Association.
- (b) No equipment of any sort shall be permitted to remain in the court during a match other than the ball used in play, the racquets being used by the players, and the clothes worn by them. All other equipment must be left outside the court. A player who requires a towel or cloth shall keep same in a pocket or in his waistband.

#### **13. Referee**

- (a) A Referee shall control the game. This control shall be exercised from the time scheduled for the match and/or from the time that at least one player is on the court. The Referee may limit the time of the warm up period to five minutes, or shall terminate a longer warm up period so that the match commences at the scheduled time.

**G16**  
**G17**  
**G18**

- (b) The Referee's decision on all questions of play shall be final except as provided in Rule 13(c).
- (c) Two Judges may be appointed to act on any appeal by a player to a decision of the Referee. When such Judges are acting in a match, a player may appeal any decision of the Referee through the Referee to the Judges, except a decision under Rules 11 and 13(a). If one Judge agrees with the Referee, the Referee's decision stands. If both Judges disagree with the Referee, the Judges' decision is final. If the Referee is not overruled, his decision stands. A Referee serving with judges, if unsighted, or otherwise unable to decide on a fair return or a Let appeal, shall ask both judges for their opinions. If they agree, the decision shall stand. If they disagree, the Referee shall order that a Let be played. The Judges shall make no ruling unless an appeal has been made. The decision of the Judges shall be announced promptly by the Referee.
- (d) A player may not request the removal or replacement of the Referee or a Judge during a match. Any such request must be made by the player before or immediately upon entering the court, to the Tournament Referee whose decision is final.
- (e) A player shall not state his reason for his request under Rule 7 for a Let or Point or for his appeal from any decision of the Referee except if the Referee permits the player to state his reasons.
- (f) If a player uses speech or language unbecoming to the game of squash racquets, the Referee will apply the provisions of Rule 15.
- (g) If a player's conduct is unbecoming to the game of squash racquets, the Referee will apply the provisions of Rule 15.

**G14**  
**G15**

**14. Play without a Referee**

- (a) When there is no Referee and the players are unable to agree with respect to the circumstances described in Rules 6, 7, and 8 the point shall be a Let. No penalties described in Rules 9 and 13 shall apply.

**15. Unsportsmanlike Conduct or Dangerous Play**

The Referee, in his/her discretion, shall have the power to warn, penalize or default a play for unsportsmanlike conduct or dangerous play. Instances of unsportsmanlike conduct include, but are not limited to, the following: Swearing; racquet abuse; physical or verbal abuse of an opponent; referee or linesperson intentionally striking (or attempting to strike) your opponent with a ball or racquet; or the like. Instances of dangerous play include, but are not limited to, the following: unnecessarily striking a ball without being aware of where your opponents are positions on the court when a let would otherwise have been granted to the striker had he/she refrained from such striking; playing a ball so near or in such proximity to an opponent so as to create a reasonable likelihood of causing injury to said opponent; or the like.

In cases involving unsportsmanlike conduct or dangerous play, other than the situation where a player intentionally physically abuses an opponent or intentionally strikes an opponent with a ball or racquet, a referee will apply the provisions of Rule 15. In cases involving intentional abuse of an opponent, referee or linesperson or the intentional hitting of an opponent with a ball or racquet, the referee shall have the discretion to default the offending player without the necessity of a warning.

## **RULES INTERPRETATIONS FOR PLAYERS AND REFEREES**

### **Right to Play the Ball Rule Rule 5.(3) Interpretation**

#### **G19**

- a) Clearing behind red service line: All players must clear to allow the opposing players to hit the ball to either side wall in front of the service line. Repeated failures to do so or deliberate actions which deny the opponent the right to play his chosen shot will result in Let points being called against the violators. Remember, if you clear to behind the red service line your opponent cannot eradicate himself from a defensive position by calling a Let on you unless the "boast" is a reasonable shot under the circumstances (See intent and interpretation under Rule 5(a)(1)). Referees should warn the player who tries to abuse this rule with calls of repeated Lets, that he/she must play the ball if the opponents have so cleared.

### **Interference on Turning**

#### **G7**

A player who "turns" on the ball (or comes around) must make every effort to play the ball. In doing so the following provisions apply:

- (1) The turning player must warn his opponents that he is turning by declaring his intent to turn ("turning", "coming around" or some other appropriate verbal warning). Failure to do so will result in a warning initially; however failure subsequently to announce a "turn" will result in a "Point" to the opponents. If the turning player fails to declare his intention to turn and then hits either opponent a "Point" will be awarded to the opponents.
- (2) The turning player's opponents must make every effort to clear to give the turning player the full front wall and the side walls in the front third of the court, as well as provide freedom to the striker to play the ball.
- (3) Where possible, the turning player should play the ball to the front wall or to the side walls in the front third of the court. If the turning player does not play the ball he will not be granted a let if he is considered to be unreasonably trying to get out of an unfavourable position, especially when the opponents have cleared properly.
- (4) If the ball hits an opponent who has cleared to the side walls, the turning player loses the "Point". Also to ensure the safety of the players on the court in enforcing the Turning rule, if the turning player plays a shot which is considered reckless or dangerous (not safe) the striker will be penalized and a "Point" will be awarded to the opponents.

The exceptions are as follows:

- (A) Where the striker, while planning to play his normal shot, is forced to turn to play the ball due to the ball "squirting" off the back or side wall, forcing the striker to turn unexpectedly; in this case a "Let" will be allowed, provided the striker could have played the ball.
- (B) When the opponents do not make every effort to clear, then the striker need not play the ball and a "Let" will be allowed and the Referee should warn the opponents that future failure to clear will result in a "Point" to the striker.

Footnote to Referees: The overriding principle for all Referees is that the game should be played safely and fairly, and Referees calls should be made to promote safety while preserving the integrity of the Rules. The referee should include in making his judgement whether or not the turning player "could" have reached the ball and played it to the front wall and would it have resulted in an unsafe hit.

### **Point Rule - Rule 6 Interpretation**

#### **G20**

- a) Ball struck back at one's self: When you hit a ball back at yourself and your opponent refrains from striking it and calls Let, he/she should be awarded the point, irrespective of whether or not he/she could have struck the ball for a winner. It is also a Point if the opponent hits the opponent with the ball going to the front wall. The intent here is to penalize the person for his/her own bad shot which placed him/her in this poor position. This Point rule (Rule 6(a)(4)) also applies when a player hits a bad "reverse corner" or short "Philly-Boast" since it was his own poor shot which caused the Let situation.
- b) Depriving opponent of winning shot or failure to use reasonable efforts to clear: There appears to be a misconception on behalf of some players who get caught in the front third of the court by their partner's poor shot. They argue that since they did not hit the ball back at themselves, their opponent should not get a Point - Wrong!!! No matter who hit the poor shot, if your position, either by refusing or being unable to clear, deprives your opponent of a clear opportunity to attempt a winning shot, a Point should be awarded.
- c) A Point shall be awarded on a crosscourt shot only in the following circumstances:
  - 1) When the opponent deprives the striker of a clear opportunity to attempt a winning shot (i.e. shot well in front of the short line);
  - 2) Where the opponent fails to make the effort within the scope of his/her ability to clear so as to deprive his opponent of an opportunity to attempt the reasonable shot of striker's choice; or
  - 3) Where the opponent, either due to his/her partner's poor shot selection/placement causes repeated let situations, no one of which individually constitutes a Let point.

The intent of paragraphs 2 and 3 above is to allow a referee to penalize a player who repeatedly refuses to clear adequately when his/her partner has placed him/her in a disadvantageous position, whether or not the striker had a clear opportunity to attempt a winning shot. Prior to the awarding of a Point, the referee should warn the offending player who refuses to clear that further violations will result in the awarding of a Point.

### **Fallen Objects on the Court**

#### **G3a**

A player who loses a piece of his/her equipment (racquet, glasses, headband, vibration dampener with the racquet head etc.) during play shall not lose the point unless:

- a) Said loss of equipment was deliberate or intentional;
- b) Said player, through no contact with his opponent, lost his/her racquet in the act of striking the ball (See Rule 4 (a)) which includes immediately before and during the follow through; or where
- c) The player has been warned by the referee that future loss of equipment will result in the loss of a point.
- d) The opponent was prevented from hitting a winning shot

A referee should warn a player who loses his/her equipment that future delays caused by that player's refusal to take those steps necessary to avoid the loss of equipment (i.e. tie on glasses, removal of vibration dampener, etc.) will result in the loss of the point.

**Background** Many players are under the incorrect impression that loss of a piece of a player's equipment during play automatically constitutes a stoppage in play and subsequent loss of point to the offending player. Nowhere in the doubles rules or singles hard ball rules, however, is this stated. Rather, Rule 4 (a) provides specifically that a player shall lose the point if he/she loses his/her racquet while in the act of striking the ball. By negative implication, a player who loses his/her racquet not while in the act of striking the ball shall not lose the point. Any other interpretation would make Rule 4 (a) superfluous.

## **Appendix 1**

### **Guidelines on Doubles Rules Interpretations**

#### **Guideline numbers are earmarked in the Doubles rules**

##### Introduction

The over-riding principle governing the Rules of Doubles Squash and their Interpretation is to allow a fair result to each match. This requires that the Referee implement the rules fairly for both teams throughout the match.

The Guidelines should be read in conjunction with the Rules.

#### **G1 Change of Equipment**

In order to prevent one player from gaining an unfair rest interval through a change of equipment, the Referee, before allowing a player to leave the court to make the change, shall be satisfied that there has indeed been a material deterioration of the equipment.

The preference for another racket, or a different pair of shoes where no physical deterioration is evident, is not sufficient reason for the player to change that equipment. The player may leave the court to effect the change as quickly as possible and must do so within 2 minutes.

If a player's glasses break or a player loses a contact lens (as well as bleeding), that player is permitted 2 minutes, after which the player must resume play.

If a player is unable to resume play because of lack of alternative equipment, the Referee shall award the match to the opponent.

#### **G2 Time-Wasting**

Time-wasting is an attempt by one player to gain an unfair advantage over the opponent. Prolonged discussion with the Referee and slow preparation to serve or receive service are examples. The Referee shall apply Rules 9 and 15 when this occurs.

While excessive ball-bouncing prior to service is time-wasting, it does not constitute serving the hand out.

Players should be aware that during the 2 minutes, the Referee's call of "Fifteen seconds" is advice for them to return to court. A player who is not ready to resume play on the call of "Time" is gaining an unfair advantage and the Referee shall apply Rule 9d or Rule 15, at the discretion of the Referee.

#### **G3 Fallen Object from Gallery**

If any object falls (or is thrown) to the floor of the court, play must cease. Since an injury may occur if a player treads on any object of significant size or texture, the Referee or Scorer shall halt play with the word "Stop or Time", or the player(s) may stop and appeal. If the fallen object is unnoticed by players and Officials until the end of the rally and the Referee judges there has been no effect on the outcome of the rally, the result of the rally shall stand.

#### **G3a Fallen Objects on the Court**

A player who loses a piece of his/her equipment (racquet, glasses, headband, vibration dampener with the racquet head etc.) during play shall not lose the point unless:

- a) Said loss of equipment was deliberate or intentional;
- b) Said player lost his/her racquet in the act of striking the ball (See Rule 4 (a) and Guideline **G5** Control of Racquet); or where
- c) The player has been warned by the referee that future loss of equipment will result in the loss of a point.

A referee should warn a player who loses his/her equipment that future delays caused by that player's refusal to take those steps necessary to avoid the loss of equipment (i.e. tie on glasses, removal of vibration dampener, etc.) will result in a point being awarded to the opposing team.

#### Background

Many players are under the correct impression that loss of a piece of player's equipment during play automatically constitutes a stoppage of play and subsequent loss of point to the offending player. Nowhere in the Doubles Rules is this stated. Rather Rule 4(a) provides specifically that a player shall lose the Point if he loses his racquet while in the act of striking the ball. By negative implication, a player who loses his racquet not while in the act of striking the ball shall not lose the Point. Any other interpretation would make Rule 4(a) superfluous

#### **G4 Control of Equipment**

A player when striking the ball must be in control of the racquet immediately before, during the contact and immediately after contact on the follow through.

#### **G5 Player Hit by the Ball**

If the ball, coming from the front wall, hits the non-striker without interference occurring, the non-striker loses a point unless further attempt applies (Rule 10). The definition of "Attempt" makes it clear that even a fake swing of the racket or feint at the ball is an attempt, but racket preparation comprising only backswing with no racket movement towards the ball is not an attempt.

Rules 9 and 10 cover the various situations in which the ball going to the front wall hits the non-striker.

If the ball hits the striker (without interference) the striker loses the rally and the Referee shall call "Not up", because the striker has not struck the ball correctly.

When the ball strikes either player and interference occurred, the Referee shall apply Rule 8.

#### **G6 Interference on a Further Attempt**

When a player makes a further attempt to play the ball, the opponent still has an obligation to make every effort to provide the player with freedom to sight the ball and to get to and play the ball as provided for in Rule 12. However, the act of recovering for a further attempt is often so quick that the opponent does not have a reasonable opportunity to clear before the interference occurs. In such cases,

the Referee shall allow a let. Conversely, if the opponent had ample time to clear but made no effort to do so, or deliberately moved thereby creating the interference, the Referee shall award a stroke to the player.

When a player shapes to play the ball on one side and then brings the racket across the body to take the ball on the other side, it is neither turning nor making a further attempt and, if interference occurs, Rule 12 applies. This position frequently occurs after the ball has hit the side wall and the front wall simultaneously and then rebounds into the middle of the court.

## **G7 Interference on turning**

### **Right to Play the Ball RULE 5 (3) Interpretation**

Add the following line. The referee shall deny a "Let" to the striker when in the opinion of the Referee the striker could have played the ball SAFELY, but instead requested a "Let" to get out of an unfavourable position.

### **TURNING INTERPRETATION**

A player who "turns" on the ball (or comes around) must make every effort to play the ball. In doing so the following provisions apply:

- (1) The turning player must warn his opponents that he is turning by declaring his intent to turn ("turning", "coming around" or some other appropriate verbal warning). Failure to do so will result in a warning initially; however failure subsequently to announce a "turn" will result in a "Point" to the opponents. If the turning player fails to declare his intention to turn and then hits either opponent a "Point" will be awarded to the opponents.
- (2) The turning player's opponents must make every effort to clear to give the turning player the full front wall and the side walls in the front third of the court, as well as provide freedom to the striker to play the ball.
- (3) Where possible, the turning player should play the ball to the front wall or to the side walls in the front third of the court. If the turning player does not play the ball he will not be granted a let if he is considered to be unreasonably trying to get out of an unfavourable position, especially when the opponents have cleared properly.
- (4) If the ball hits an opponent who has cleared to the side walls, the turning player loses the "Point". Also to ensure the safety of the players on the court in enforcing the Turning rule, if the turning player plays a shot which is considered reckless or dangerous (not safe) the striker will be penalized and a "Point" will be awarded to the opponents.

The exceptions are as follows:

- (A) Where the striker, while planning to play his normal shot, is forced to turn to play the ball due to the ball "squirting" off the back or side wall, forcing the striker to turn unexpectedly; in this case a "Let" will be allowed, provided the striker could have played the ball.
- (B) When the opponents do not make every effort to clear, then the striker need not play the ball and a "Let" will be allowed and the Referee should warn the opponents that future failure to clear will result in a "Point" to the striker.

Footnote to Referees: The overriding principle for all Referees is that the game should be played safely and fairly, and Referees calls should be made to promote safety while preserving the integrity of the Rules. The referee should include in making his judgement whether or not the turning player “could” have reached the ball and played it to the front wall and would it have resulted in an unsafe hit.

### **G8 Making Every Effort and Minimal Interference**

The opponent must make every effort to clear the ball after playing a return. The opponent’s route should allow the player unobstructed direct access to the ball, provided the player has not moved in to play the ball so quickly as to block the opponent’s exit. In the latter case the Referee shall allow a let, unless the player could not have made a good return, in which case the Referee shall not allow a let.

However, it is equally important for the player to make every effort to get to and play the ball. If the player does not make every effort to get to and play the ball, that is a significant factor in the Referee’s assessment of whether or not that player could have reached the ball and made a good return.

The Referee shall decide the degree of effort that the player should make to demonstrate “making every effort”. This does not give the player the right to abuse the opponent physically and the Referee shall penalise significant or deliberate physical contact under Rule 5 or 15.

When a player appeals for a let, having encountered some interference, the Referee, when deciding that the interference had no effect on that player’s sighting of the ball and freedom to get to and play the ball, shall not allow a let. This is minimal interference and includes situations in which: the opponent crossed the flight of the ball very early in its trajectory from the front wall but still allowed the player time to sight the ball; the player brushed past the opponent on the way to the ball without affecting the player’s direct access; and the racket swing brushed the opponent, the opponent’s clothing or racket without affecting the racket’s swing.

Striker’s partner must also allow opponents free access to the front wall and a clear view of the ball and front wall.

However, when interference has occurred, the Referee shall not refuse a let in situations in which the player was clearly making every effort (albeit short of physical contact with the opponent) to get to and play the ball and had demonstrated to the Referee the ability to reach the ball.

### **G9 Interference with the Striker’s Swing and Reasonable Fear of Hitting the Opponent**

Rule 5 allows the striker “freedom to hit the ball with a reasonable swing”. If the striker stops play because of the opponent not granting this freedom and appeals, the Referee shall consider following options:

1. If the opponent is too close and has prevented the striker’s reasonable swing and is hit or would have been hit with the racket, the Referee shall award a “Point” to the striker.
2. If the striker stops play as a result of slight racket contact with the opponent, who is making every effort to clear, the Referee shall allow a let. This is

different from the minimal interference described in G8. The amount of contact must be sufficient to affect the player's swing, but insufficient to prevent it.

3. If the striker stops play for fear of hitting the opponent and the opponent, though close to, does not prevent the striker's reasonable swing, the Referee shall allow a let under Rule 7 (C) (2) – reasonable fear of injury. As long as the opponent does not prevent a reasonable swing, a "Let" is the appropriate decision.
4. If the striker stops play for fear of hitting the opponent and the opponent is well clear of the reasonable swing, the Referee shall not allow a "Let", as the striker has judged the opponent's position incorrectly.

#### **G10 Asking for a "Let or point"**

The correct method of appeal when interference on Rule 7 infractions have occurred is to say "Let please".

Asking for a "Point" is also an acceptable form of appeal.

All requests for a "Let or Point" must be verbal.

#### **G11 Timing of Requests for a "Let"**

The timing of requests for a "Let" on interference is important.

In case of an appeal concerning fair view and freedom to hit the ball directly to the front wall (commonly known as "crossing the flight"), the Referee shall consider the situation at the time the player could have hit the ball.

In the case of interference on backswing, the appeal must be immediate and before the player makes any attempt to play the ball. Any attempt to hit the ball after backswing interference has occurred indicates that the striker has accepted the interference and thus forfeits the right of appeal.

If there is interference in the act of playing the ball, which includes a reasonable backswing, hit and reasonable follow – through, an appeal is justified. The Referee shall consider whether the opponent was crowding and not allowing freedom to play the ball in deciding whether to allow a "Let" or to award a "Point".

If a player appeals for not being ready to receive service, the Referee shall allow a "Let", unless deciding the player delayed play unnecessarily. In the latter case the Referee could apply Rule 9 (a).

#### **G12 Early Requests FOR A "LET"**

If a player makes an appeal for interference before the result of the opponent's return is known, this is regarded as an early appeal. If a player makes an early appeal and the opponent's return subsequently goes down or out, the Referee shall allow the result of the rally to stand, the player winning the rally.

When the opponent appeals for a let for interference before the player has completed a reasonable follow through, this is also regarded as an early appeal. In this case the opponent has no right of appeal and the Referee shall not award a let.

#### **G13 Created Interference**

At all times an opponent must allow the player unobstructed direct access to play the ball.

However, sometimes the situation arises in which the opponent has caused no interference (i.e. the opponent has clearly provided the required direct access) but the player takes an indirect route to the ball which takes the player towards, or very close to, the opponent's position. The player then appeals for a let because of being "obstructed" in access to the ball.

If there is no genuine reason for this indirect route, the player has created the interference where none otherwise existed and, if the player appeals, the Referee shall not allow a let. Whether the player could make a good return is not a consideration – in order to remain in the rally the player must get to and play the ball.

This is different from two situations in which a player, in attempting to recover from a position of disadvantage, does not have direct access to the ball. In the first situation the player is "wrong-footed" and anticipates the opponent hitting the ball one way, starts moving that way, but having guessed wrongly, changes direction to find the opponent in the way. In this situation the Referee shall allow the player a let on appeal if the recovery is sufficient to demonstrate the player would have made a good return. In fact, if the opponent prevents the incoming player from playing a winning return, the Referee shall award a stroke to that player.

Secondly, if a player plays a poor return that gives the opponent a position of advantage, the Referee shall allow the player a let only if, in taking the direct line to the ball for the next return, the Referee determines that, but for the interference, that player would have been able to get to and play the ball.

#### **G14 Significant or Deliberate Physical Contact**

Significant or deliberate physical contact is both detrimental to the game and potentially dangerous. In blatant cases the Referee shall stop the rally and award the appropriate penalty. Where the player "pushes off" the opponent and this has no significant effect on the opponent, the Referee shall allow the rally to continue and give a warning to that player at the end of the rally. Where there is a significant effect, the Referee shall stop play and apply Rule 15.

#### **G15 Progression of Penalties**

The penalties available to the Referee under Rule 13 are:

Warning, (called a Conduct Warning).

Point awarded to opponent's team, (called a Conduct Stroke).

Game awarded to opponent's team, (called a Conduct Game).

Match awarded to opponent's team, (called a Conduct Match).

The guidelines for applying the penalties are as follows:

When the Referee imposes the first penalty for a particular offence, it should be a warning, point, game or match depending on the seriousness of the offence, and that this is applied to the same team. . However, any subsequent penalty for

the same type of offence for the same team should not be less severe than the previous penalty for that offence. Thus the Referee may award more than one warning or stroke for the same type of offence if the Referee decides that the offence does not warrant a more severe penalty.

When issuing penalties the Referee shall use the following terminology:

Conduct Warning (Player's name) for (Offence).

Conduct stroke (Player or Team's name) for (Offence), stroke to (Opponent or Opposing Team's name).

Conduct game (Player or Team's name) for (Offence), game to (Opponent or Opposing Team's name).

Conduct match (Player or Team's name) for (Offence), match to (Opponent or Opposing Team's name).

The Scorer shall repeat only that part of the Referee's decision that affects the score.

### **G16 Scorer's Guidelines**

The Scorer's job is to call the score and announce who is the server.

### **G17 Referee's Calls**

The correct order of calls is:

1. Anything affecting the score.
2. The score with the server's score always called first.
3. Comments on the score:

Examples are:

"Not up, 4-3."

"Down, no set, game ball."

"Out, 8-all, set two."

"Yes let, 3-4."

"No let, side-out, 5-7" or "No Let, 5-7 choice"

"Stroke to Jones, 14-8, match ball."

"Foot fault, side out, love-all."

"Fault" (appeal by server, Referee uncertain). "Yes let, 14-11, game ball."

Match introduction:

"Match between Player's A and B from .... Against Player's C and D from .... Best of 5 games, love-all, Play."

End of a game:

“15-7, Game to Smith and Jones. They lead one game to love.”

“15-9, Game to Smith and Jones. They lead two games to love.”

“15-12, Game to Smith Jones, Games are two all.”

“18-17, Match to Smith and Jones, 15-7, 15-9, 8-15, 4-15, 18-17.”

Start of subsequent game:

“Smith and Jones lead one game to love, love-all, Play.”

“Smith and Jones lead two games to one, Jones to serve, Love-all, Play.”

“Two games all, Smith to serve, love-all, Play.”

### **G18Referee’s Guidelines**

Addressing the players: Officials should use the player’s surname/family name, rather than the given name, when addressing players. This eliminates any appearance of familiarity that players or spectators could interpret as favouritism.

### **G19Right to Play the Ball Rule Rule 5.(3) Interpretation**

- a) Clearing behind red service line: All players must clear to allow the opposing players to hit the ball to either side wall in front of the service line. Repeated failures to do so or deliberate actions which deny the opponent the right to play his chosen shot will result in Let points being called against the violators. Remember, if you clear to behind the red service line your opponent cannot eradicate himself from a defensive position by calling a Let on you unless the “boast” is a reasonable shot under the circumstances (See intent and interpretation under Rule 5(a)(1)). Referees should warn the player who tries to abuse this rule with calls of repeated Lets, that he/she must play the ball if the opponents have so cleared.

### **G20Let Point Rule – Rule 6 Interpretation**

- a) Ball struck back at one’s self: When you hit a ball back at yourself and your opponent refrains from striking it and calls Let, he/she should be awarded the point, irrespective of whether or not he/she could have struck the ball for a winner. It is also a point if the opponent hits the player with the ball going to the front wall. The intent here is to penalize the person for his own bad shot which placed him in this poor position. This Let Point rule (Rule 6(a)(4)) also applies when a player hits a bad “reverse corner” or short “Philly-Boast” since it was his own poor shot which caused the “Let” situation.
- b) Depriving opponent of winning shot or failure to use reasonable efforts to clear: There appears to be a misconception on behalf of some players who get caught in the front 1/3<sup>rd</sup> of the court by their partner’s poor shot. They argue that since they did not hit the ball back at themselves, their opponent should not get a “Point” – Wrong!!! No matter who hit the poor shot, if your position, either by refusing or being unable to clear, deprives your opponent

of a clear opportunity to attempt a winning shot, a "Point" should be awarded.

c) A Point shall be awarded on a crosscourt shot only in the following circumstances:

- 1) When the opponent deprives the striker of a clear opportunity to attempt a winning shot (i.e., shot well in front of the short (service) line);
- 2) Where the opponent fails to make the effort within the scope of his/her ability to clear so as to deprive his opponent of an opportunity to attempt the reasonable shot of striker's choice; or
- 3) Where the opponent, either due to his/her partner's poor shot selection/placement causes repeated let situations, no one of which individually constitutes a "Point".

The intent of paragraphs 2 and 3 above is to allow a referee to penalize a player who repeatedly refuses to clear adequately when his/her partner has placed him/her in a disadvantageous position, whether or not the striker had a clear opportunity to attempt a winning shot. Prior to the awarding of a Let Point, the referee should warn the offending player who refuses to clear that further violations will result in the awarding of a Let Point.

### **ACT OF STRIKING**

The act of swinging at the ball including the follow through.

### **ACCIDENTAL OBSTRUCTION**

Obstruction by a player in spite of best efforts to clear.

### **ALL**

A score term to indicate points are tied, as in 13 all.

### **APPEAL**

A player's request for the referee to make a ruling. "Appeal" is used in three contexts:

1. To request the referee to allow a let, or award a point; the form of appeal is usually "Let please" or for emphasis "Point please".
2. To request the referee to review a call or lack of call; the form of appeal is usually "Appeal please".
3. To request the referee's call to be over ruled by the Line Judges

### **AROUND**

(See "Coming around" and "Turning").

### **ATTEMPT**

The movement of the racket from a backswing position towards the ball. A swing at the ball without making contact. A swing that is held up.

### **ATTIRE**

The clothing and equipment a player wears or carries including such things as headband, glasses, jacket, etc. The striker's racquet is not included.

### **AUDIBLE DISTRACTION**

Noise made by a player with voice or otherwise. Noise from arising from outside the court. The referee determines if a noise is a distraction.

### **BACK WALL**

Part of the playing surface of the court. Bounded at the top by the seven foot out of court line.

### **BACKSWING**

(See "Reasonable backswing" and "Excessive backswing"). The preparation portion of a swing where the racquet is drawn back before the forward motion to the ball. A player may hold a backswing position as long as he likes and the opponent must stay clear of it.

**BALL IN PLAY**

A ball which is still “good” according to the rules.

**BETWEEN GAME**

An interval between games which is up to 2 minutes, between **all** games.

**BOARD**

Usually referred to as the “tin” or “tell-tale”. The lowest horizontal marking on the front wall. Sheet metal covers the board (except the painted line sloped portion) as a telltale. A ball touching the board is ruled to be down.

**BOAST**

A squash term for a shot where the ball first hits a side wall, or back wall, and then onto the front wall.

**BOX**

The terms “service box”, “left box”, “right box” are also used. A quarter circle area in each quarter court bounded by part of the short line, part of the side wall and by a quarter circle arc. The space from within which the server serves. There is a left service box and a right service box.

**BROKEN BALL**

(See also “Cracked ball”). A ball that is broken through both the outside and inside surfaces. The referee makes a judgement whether a ball is good, cracked, or broken. The ball must be replaced if it is broken. The rally is a let.

**CARRIED**

(See also “Double hit”). A stroke where the ball remains in contact with the racquet too long. Such a shot is not good.

**CHOICE**

Call made by the Scorer or Referee to indicate that one team has served their hands out (side out) and the other team now serves.

**CEILING**

The ceiling and attached fixtures are not part of the playing surface. A ball touching the ceiling or attached fixtures is out. A ball going through a roof structure is in.

**CLEAR**

(See “Clearing”).

**CLEAR OPPORTUNITY**

A situation where there is interference and it is obvious the striker is in or trying to be in good position and would otherwise have been able to strike the ball to the front wall.

**CLEARING**

The movement of the non striking side to give the striking side clear view of the ball and the opportunity to play the ball.

**COMING AROUND**

(See also “Turning” and “Around”). The movement of a player to turn, or follow the ball around, in order to strike the ball. The warning by a player that he is about to turn on the ball.

**COMPETITION**

A formal setting of matches such as a championship, tournament, or league.

**CONTINUITY OF PLAY**

Once play begins, play is expected to be continuous so far as practical.

**CORRECT BOX**

The service box where a serve should be taken.

**CORRECTLY**

The ball being hit by the racket, held in the hand, not more than once and without prolonged contact on the racket. As in "correctly struck ball".

**COURT**

The playing surfaces and the space within.

**COURT CONDITIONS**

Some things are considered existing conditions such as hanging fixtures, door handle, loose boards, and lighting. Changing conditions are when the lights flicker, a door comes ajar, or there is sweating (not drops of sweat from players) on the floor or wall alters play considerably and perhaps dangerously.

**CRACKED BALL**

(See also "Broken ball"). A ball which has a visible crack on the outside surface but is not broken through the inner surface. The referee determines if a ball is good, cracked, or broken. A ball which is cracked but not through may be replaced by mutual consent of BOTH teams or on appeal to the referee who has the discretion to replace the ball. Point stands.

**CREATED INTERFERENCE**

There are two cases of Created Interference.

When a player unnecessarily comes into contact with an opponent in attempting to play the ball: the situation where a player "finds his opponent" in an attempt to get a let when the direct path to the ball would not have cause interference; and

Where the non striker intentionally "move into" the striker's stroke of intended ball-path to deprive the striker of the shot of his choice.

**CROSSCOURT**

A shot hit from one side of the court to the other.

**CROSSING**

The movement of a non striking player to a side wall.

**CROSSING THE FLIGHT**

When a player moves sideways, across the flight of the ball, between the ball and an opposing player behind.

**CROWDING**

The situation of an opponent standing too close to the striker and not allowing freedom of stroke to play the ball.

**CUT LINE**

(See "Service line").

**DANGEROUS PLAY**

Action by a player that is deemed to cause or likely cause injury or danger to an opponent.

**DEFAULT**

Where a side forfeits a point, game, or match. Also where the referee takes similar action.

**DELIBERATE OBSTRUCTION**

When a player moves into a position of obstructing.

**DISQUALIFICATION**

Where a side forfeits a match.

**DOUBLE BOUNCE**

When the ball is played after it has struck the floor twice. The ball is not good.

**DOUBLE FAULT**

When two successive faults are made with no intervening play.

**DOUBLE HIT**

(See also "Carried"). A shot where the ball typically hits the strings and then the frame or the ball is slung from the racquet. Such a shot is not good.

**DOUBLES BALL**

The specified ball for doubles squash.

**DOWN**

The term used to indicate that an otherwise good return has struck the floor before reaching the front wall, or has struck the board or tin before striking the floor.

**DROPPED EQUIPMENT**

Any attire or equipment such as a head band, glasses, vibration dampener, or racquet that the player drops or loses control of.

**EQUIPMENT**

A player's racquet, glasses, head band, wrist watch, and items in pockets, etc. are considered equipment.

**EXCESSIVE FOLLOW THROUGH**

(See "Reasonable follow through"). When the latter portion of a swing after the ball has been struck is not compact. ie a straight arm follow through. See "dangerous play" and "clearing".

**EXCESSIVE SWING**

(See "Reasonable swing"). When any portion of a swing is not compact. ie a straight arm backswing or follow through. See also "dangerous play" and "clearing".

**EYE GUARDS**

Required protective eye guards with Polycarbonate lenses. Must meet specified standards, and must be worn properly.

**FAIR VIEW**

A reasonable unobstructed view of the ball and front wall.

**FAIRLY**

When a ball is struck according to the rules, that is not carried or doubles hit.

**FAULT**

(See also “Double fault” and “Foot fault”). When one or more of the conditions of a good serve is not met.

**FIRST HAND**

The player who must be the first server each time the team gains service. (See also “Second hand”).

**FIRST SERVICE**

Multiple meanings. The first of two allowed serves. The first serve by the side-in to begin the sequence of serves from alternating courts. The beginning serve by a hand-in.

**FOOT-FAULT**

A service fault caused by not having one foot (or the part of the foot touching the floor) entirely within the service box when the ball is struck by the server.

**FOURTEEN ALL**

(See “Set” and “No set”). A tied score, where one side may choose to extend the game to 17 points.

**FREEDOM OF STROKE**

The opposition being clear of the striker so as to allow a reasonable swing.

**FRONT COURT**

That portion of the court close to the front wall. The front one-third of the court is important in judging the outcome of appeals relating to Lets and Points on cross courts, as well as straight shots.

**FRONT WALL**

Part of the playing surface of the court. Bounded at the top by the twenty foot line. The service line and tin are also marked on the front wall.

**FURTHER ATTEMPT**

Any action to strike the ball after an initial miss. Any number of attempts by one or both players are permitted.

**GALLERY**

The spectators.

**GAME**

Part of a match, commencing with a service and concluding when one side's score reaches 15 or otherwise set score in accordance with the rules. The side first winning 3 games wins the match.

**GAME BALL**

The state of the score when one point is required to win the game in progress. The proper call of an official is “Game ball”, not “Possible game ball”.

**GET TO**

An effort by a player to run to the ball and play it.

**GOOD RETURN**

Any shot following the service that complies with the rules of a good return.

**GOOD SERVICE**

A serve which meets all requirements as described in the rules.

**HALF-COURT LINE**

A line on the floor parallel to the side walls, dividing that part of the court between the short line and the back wall into two equal parts (service courts or quarter courts) and meeting the short line at its midpoint to form the "T".

**HALF TIME**

The midpoint of the warm-up. Teams usually warm up separately and must share the warm up time fairly. The warm up period is restricted to 5 minutes per team.

**HAND**

The period from the time a player or team becomes server until losing service. (See also "Hand-in", "Hand-out", "Side-in", and "Side-out")

**HAND-IN**

Condition when a change of server occurs. The player who becomes or is server.

**HAND-OUT**

Condition when a change of server occurs. The player who has relinquished serve.

**HEADBAND**

Usually a strip of cloth worn around the head to prevent sweat from dripping into the eyes. Considered to be a piece of equipment within the rules.

**IN CONTROL OF**

When striking the ball, the player must be in control of his racquet for the entire swing, including the follow through, otherwise the ball is deemed not good. See "dropped equipment".

**INCOMING STRIKE**

The player who is preparing to the play or is in the process of playing the ball including a reasonable follow through. See also "out going striker".

**INCOMING STRIKER'S PARTNER**

The partner of the incoming striker.

**INCORRECT BOX**

The wrong box to deliver a serve.

**INJURY**

Illness, cramps, or physical injury. Injury may be self inflicted or through interaction with an opponent. The cause such as collision, racquet contact, or ball impact may be deemed accidental, deliberate, or through dangerous play.

**INJURY TIME**

A granted delay in the match as a result of an injury of 5 minutes.

**INTERFERENCE**

Any action by the opposing side that infringes on access to the ball, play the ball, or see the ball. A distraction by the opposing side.

**INTERVAL**

(See "Suspended play" or "Delay"). A time-period prescribed by the Rules for a delay in play.

**JUDGE**

(See "Line judge"). Two line judges are part of the four match officials. Judges assist the referee when judgement's by the referee are appealed by the players. Line Judges should only give decisions when asked to do so by the Referee.

### **LEFT COURT RECEIVER**

The designated player to receive serves to the left quarter court (service court).

### **LEFT SERVICE BOX**

(See "Box").

### **LET**

An undecided rally. If the referee allows a let, neither side wins a point for that rally and the server shall serve again from the same box or correct box. A referee's decision. An appeal by a player.

### **LINE JUDGE**

(See "Judge"). An official who assists the referee in making judgements. There should be one positioned on the left side and one on the right side.

### **LOVE**

A score term to indicate zero.

### **MARKER**

(See "Scorer").

### **MATCH**

The complete contest between two teams, commencing with the warm-up and concluding at the end of the final rally. Usually a best of 5 game contest.

### **MATCH BALL**

The state of the score when one point is required to win the match. (The correct call is "Match ball", not "Possible match ball" and not "Game and match ball").

### **MISSES**

Attempts to strike the ball but not making contact.

### **NEW SERVER**

(See "Choice", "Hand in" and "Side in").

### **NO LET**

Referee's decision to not grant a let or point. No replay of point.

### **NO SET**

See "set", "thirteen all", and "fourteen all". A side's choice to not extend a game at 13 all or 14 all.

### **NORMAL ABILITY**

Referee's judgement of the physical strength, speed and skills of a player at that time.

### **NOT UP**

The expression used to indicate that a player did not strike the ball in accordance with the Rules. "Not up" applies when either the player did not strike the ball *correctly*, or the ball bounced more than once on the floor before the striker hits it, or the ball touched the striker or anything worn or carried other than the racket, or the server made one or more attempts to strike the ball but failed to do so. See also "down" and "out".

**OBSTRUCTED SWING**

A swing or attempt that is disrupted by contact or anticipated contact by an opposing player.

**OBSTRUCTION**

(See "Interference").

**OFFENDING PLAYER**

A player who has committed some offence.

**OFFENDING SIDE**

A side who has committed some offence.

**OFFICIALS**

The scorer, line judges, and the referee.

**OPPOSING SIDE**

The other team.

**OUT**

The term used to indicate that either the ball has struck the out line, or a wall above the out line, or the ceiling, or any fitting attached to the ceiling and/or the wall. IA ball going through a roof structure but not touching it is in.

**OUT GOING STRIKER**
